

# Science and Civics: Sustaining Wildlife

*A Service Learning Opportunity for High School Science and Social Studies Educators*

*Correlated to Ohio Science  
and Social Studies Standards*

Science and Civics: *Sustaining Wildlife* is a curriculum for high school science and social studies courses that guides students in the investigation of wildlife issues and needs. The curriculum encourages students to collaborate their findings in responsible action projects that benefit wildlife, people, and the environment.

**Administered by the Ohio  
Division of Wildlife**
